

Does the Semantic Web Need Ontologies?

Tom Heath

ISWC2009 Panel Discussion, Chantilly, VA, October 2009

Yes!

They are our children, and children are the future!

(aaah!)

But we are like neglectful parents!

Come and meet the children...

Welcome to Ontology High School

Motto: Cave canem

intelligence

life?

science!

What about the regular kids?

Neglected!

No real home to go to
(have to sleep rough at universities)

VoCamps created to provide emergency care

The kids need guidance

What will they do when they grow up?

The world doesn't care what the kids can do
because no-one has showed them

Take-home Messages

Provide a stable home for your ~~kids~~ ontologies

Show the world what (reasonable) kids can do

Thank you
